

### Nervous Prostration, Sleeplessness and Weakness.

West Broughton, Quebec, Oct. 1, '90.  
The Pastor Koenig's Nerve Tonic I ordered was for a young lady of my household who was almost useless to herself and others, owing to nervous prostration, sleeplessness, weakness, etc., etc. To-day there is quite a change. The young person is much better, stronger and less nervous. She will continue to use your medicine. I think it is very good. P. SARVIE, Catholic Priest.

St. Vincent's Hospital, Toledo, Ohio, June 9, 1890.  
We used Pastor Koenig's Nerve Tonic for epileptic fits in the case of a Mrs. Gorman, and it stopped the fits from the time she commenced taking it. Wishing you an extensive sale for this beneficent remedy,

### An Alabama Genius.

R. W. McKelvy was elected constable at Huntsville at the recent election. The Times suggests that he be invited to stump the State with ex-Governor Jones.

"I believe in an honest dollar, every circular dollar being as round as every other dollar of the same diameter and circumference. I understand that some of my competitors say that they are opposed to a 50-cent dollar. I will go further than that. I am opposed to a 35-cent dollar, a 17-cent dollar or a 6-cent dollar. I insist on sound money, and denounce the crime of 1873. Every dollar ought by all means to be stamped with the words 'One Dollars,' or 'One Doll' in clear, bold, handsome type, and no sophistry should be sufficient to wear us away from the principle, which is the bulwark and likewise the pinnacle of our financial scheme. I believe in preserving the parity of the metals' employing a good, sharp paper to do it with. Every dollar ought to be interchangeable for two half dollar or four quarters, and any attempt to change this ratio is mischievous and intolerable. I do not not believe in allowing the money question to settle itself. Red Hill owes me \$3.75, and I insist that he should do the settling. As to my other views, a cheap coat always makes a cheap man, and a public office is a public trust without waiting for the consent of any other nation on earth. Protection to the American industries, interchangeable value for value, and an economical administration of the government make the rich richer the old man dream dreams. As I said before, a public office is a public trust, and Columbia is the gem of the ocean. I hope they will print this in the papers, so that people will know my exact views. It was, perhaps, not necessary, for my record is an open book where tired horses come to water, but I believe that a candidate owes it to his constituents to take the people fully into his confidence. This way, this door, that place is only a drug store, and they only sell it in quart packages there and not in bulk.

The South Pittsburg Statesman has not arrived at this office for last week. By the way, who really controls of that paper? Jones Beene & Son are labeled Owners, and C. L. Woodfin, Editor and Proprietor. Which is which, and what is the exact shade of meaning between "Owner" and "Proprietor?"

### Cedar Point.

Mrs. Sam Minter was visiting at Cedar Point Saturday.

Mr. Harry Horned spent Saturday and Sunday at Cedar Point.

Mr. Mark Brown and his best girl attended the meeting at Pleasant Grove Sunday week.

It was not only one person that got left during the meeting at Pleasant Grove, but several.

Mrs. Burke, of near Shellmound, is very low now but hope she may be better in a few days.

Mr. John Hamilton and his charming sister, Miss Alice, were visiting in Rankin's Cove last Sunday.

Rev. Houts preaches the funeral sermon of Mrs. Gray at Wesley Chapel Sunday at 11 o'clock.

Miss Mintie Pryor and Miss Mattie Payne were visiting Mrs. J. W. Brown, of Victoria, last Sunday.

The League was conducted Sunday eve by Mr. Turley Rankin. Subject on "Enemies Indifference." There was a large crowd in attendance.

Wonder who it was that lost his horse during the meeting at Pleasant Grove Sunday week and his best girl left him while he was hunting it? Guess ——— knows.

### A Dandy Thing to Sell.

I have been doing so well this summer selling combination dipper that I think it is my duty to tell others about it. I have not made as much money as some I read about, but I never make less than \$3 and often \$5 a day; the dipper can be used as a fruit jar filler, a plain dipper; a fine strainer; a funnel; a strainer funnel; a sick room warming pan, and a pint measure. These eight different uses makes the dipper such a necessary article that it sells at nearly every house, as it is so cheap. You can get a sample by sending, as I did, 18 two-cent stamps to pay postage, etc., to W. H. Baird & Co., Station A, Pittsburg, Pa., and they will mail you a dipper, and you can go right to work. Any one can make \$3 or \$4 a day anywhere.

### Making Tuyeres.

Gustafson Bros. have received an order for twelve more tuyeres for the T. C. I. Co., for use at South Pittsburg. They were just finishing up an order for six when the second order came, as the furnaces happened in bad luck Monday and burnt out four tuyeres. Mr. Gustafson is now making them of silicon bronze instead of the ordinary bronze, which is much more difficult to cast but produces a much more durable tuyere.

### Notice.

Can't some of our friends who are in arrears pay us something on account. We hate to ask you, but cannot go on forever on bare expectations. If you cannot pay us all you owe us, pay us some of it, and make us feel that life is worth living. In giving you this paper for 50c a year we feel that we are earning every cent of it.

### The Question.

It costs fifty cents to mine an ounce of silver, and \$7.51 to mine an ounce of gold. At 16 to 1 which metal is the most valuable?

### A Money Maker in Hard Times.

I have for the five past years had a pretty hard struggle to make a living, but about three months ago I began selling self heating flat irons and have made from four to five dollars every day, which I think is pretty good for an inexperienced woman, my brother is now selling irons and makes more than I do but he has sold other things and is more experienced. The iron is self heating, so it is the proper heat all the time; and you can iron in half the time you commonly do and have the clothes much nicer, you can iron out under a tree or in any cool place and one cent's worth of Benzoin will do an ordinary ironing, so you save the price of the iron in fuel in a few weeks. By addressing W. H. Baird & Co., Station A, Pittsburg, Pa., you can get full particulars, and I know any one can do splendidly any where. We sell at nearly every house and any woman that irons once with a self heating iron will have one, as it saves so much labor and does so much better work.

### Illegal Fees.

Chattanooga, Oct. 5.—The entire time of the County Court was taken up today in discussing a resolution offered to appoint a committee examine the books of county officers to investigate the charges being life that thousands of dollars had been paid in criminal costs, for which there was no warrant of law.

The Democratic members of the court, many of them, charge that it is a political move with the purpose of defeating Judge Moon in his congressional canvass by raising question in which there is no truth. Of course, Judge Moon's friends have no fear of the result of the investigation, but the claim that an investigation is necessary is expected to injure him. It is, however, having a counter effect and is making friends for the popular Judge.

### Will Speak No More.

Chattanooga, Tenn., Oct. 4.—In accordance with a letter from Attorney General Harman, District Attorney James H. Bible, who has been doing some active and effective stumping in East Tennessee for Bryan and Bob Taylor, to-day cancelled his future dates and announced his purpose of withdrawing from active participation in the campaign. Mr. Bible said: "I am very earnestly in favor of Mr. Bryan's election, as well as that of Gov. Taylor, but since I have become aware of the views of my chief in the matter I must retire from active campaign work or resign, and I do not think the necessities of the campaign require that sacrifice at this time."

### Calladium Blooms.

The strangest thing in the way of a bloom we have ever seen is a calladium in bloom in the yard of Miss Lizzie Russell, in this place. It has four blooms so far, each of which have been from twelve to sixteen inches long, of a rich cream color, and a fragrance much like that of a tube rose. To us it is something new, and we are sure it quite rare for the plant to bloom.—Jonesboro, Tenn., Herald and Tribune.

Through the energy of Mr. J. W. Graham, the people of this town have been getting concord grapes at the nominal rate of 20c a basket. The same grapes sell at Winchester this State for 40c, which proves that somebody is making money.

Our correspondents are in the minority this week. However, there is plenty of local news to take their place.
